## TEUTONS OVERWHELMED BY RUSSIAN TIDAL WAVE

Czar's Host of Fighters Has  
"Come Back" In Bukowina  
and Mighty Victory is Claimed  
By Advancing Russ.

90 MILE FRONT OF TEUTONS BROKEN  
AND BUKOWINA CAPITAL IS TAKEN

Kitchener Says Allies Must Use Deadly  
Gases and Calls For 300,000 New Re-  
cruits—Little Change in Western Zone  
—Italian Cabinet Members' Autos Com-  
mandeered By Army—Allies Make  
Gains Along Dardanelles.

By Associated Press.  
London, May 18.—A far reaching  
victory in Bukowina is claimed in  
Petrograd. A statement says the Rus-  
sians have taken back much of the  
territory they held earlier in the  
war.

Their successes are described as of  
such importance that they more than  
offset the Austro-German victory in  
Western Galicia.

It is reported the Russians have  
taken Czernowitz, capital of Buko-  
wina, having broken down Austria's  
resistance over a 90-mile front and  
captured 20,000 prisoners.

The Russian War Office conceded  
a further retreat in Russian-Poland  
between the Pilica and Vistula  
rivers.

A Turkish report from the Dardan-  
elles says the allies have made sev-  
eral attacks on the Turkish right  
wing, but were repulsed with the loss  
of 1500 men.

The British press representative  
at the Dardanelles telegraphs that  
the allies have now advanced about  
5 miles up the Gallipoli peninsula.

A plot to assassinate the Sultan  
of Turkey, Field Marshals von der  
Goltz, von Sanders and Enver Pasha  
has been discovered, according to a  
report from Constantinople. Four  
hundred Armenians have been arrest-  
ed.

Rome, May 18.—The automobiles  
of every member of the cabinet, with  
the exception of Premier Salandra,  
were commandeered today by the  
army authorities.

London, May 18.—In the House of  
Lords this afternoon Secretary for  
War Kitchener said he wanted 300,-  
000 more recruits to form new arm-  
ies. He expressed his confidence that  
in the very near future the country  
would be in a satisfactory position  
with regard to the supply of ammu-  
nition.

The news from the Dardanelles  
was thoroughly satisfactory, he de-  
clared. He also stated that the Brit-  
ish and French governments felt  
that the allied troops must be ade-  
quately protected against poisonous  
gases, by the employment of simi-  
lar methods. These would remove  
the enormous and unjustifiable ad-  
vantage which must otherwise exist.

Rome, May 18.—The decision of  
Italy's policy concerning the war ap-  
parently has been postponed until af-  
ter Parliament meets on Thursday.  
It is expected in Rome that Parlia-  
ment will be asked to confer plenary  
powers on the cabinet.

London, May 18.—Reports from  
the western front disclose no impor-  
tant changes subsequent to the vic-  
tory over a two mile front near La  
Bassee announced yesterday by the  
British. Heavy fighting continues.  
Violent counter attacks by the

Germans are said by the French to  
have failed. The French communi-  
cation also says the Germans left  
2,000 dead on the ground near the  
Yser canal.

Budapest, May 18.—Admission  
that he had offered territorial com-  
pensation to Italy as the price of  
peaceful relations was made by  
Count Tisza, the Hungarian premier,  
in a carefully worded diet speech  
yesterday. He declined definitely,  
however, to state the nature of the  
concession proposed.

Rome, May 18.—Dispatches from  
Trieste confirm previous reports that  
a revolutionary movement is in pro-  
gress there. The town is in a state  
of siege.

The presence of the military, how-  
ever, has failed to prevent attempts  
at popular uprisings and demonstra-  
tions of hostility to Emperor Fran-  
cis Joseph.

## HINTS AT CONTENTS OF REPLY

By Associated Press.  
Paris, May 18.—Germany's reply  
to the American note on the sinking  
of the Lusitania will be sent Thurs-  
day, according to the Matins' Am-  
sterdam correspondent, who says he  
is informed it will justify the attack  
on the steamer on the ground that  
the submarine commander has affirm-  
ed in his report, that only one tor-  
pedo was fired, which convinces him  
that the second explosion was due  
to the fact that the ship carried  
munitions of war.

It is believed in Holland, the Ma-  
tin correspondent says, that Ger-  
many will decline to modify its  
methods of submarine warfare in  
answering the American note.

## WHEAT PRICES TAKE A BOOM

Chicago, May 18.—Estimated crop  
damage that may amount to 100,-  
000,000 bushels of wheat resulted  
yesterday in a sharp advance in  
price, finishing from 1 1/4 to 4 1/4

above Saturday night's level.

Reports of insect injury to grow-  
ing wheat, especially in Missouri,  
were said to be the worst for many  
years. Advices from Kansas, Illin-  
ois, Indiana, and Ohio, all indicated  
that the harvest prospect of 1915  
had been seriously lowered, and there  
was much talk that the total harm  
might be represented by a cut of full  
100,000,000 bushels from the yield  
suggested by the government fig-  
ures of a month ago.

## LISBON NEARLY NORMAL

By Associated Press.

Lisbon, May 18.—Improvement is  
shown in the condition of Joao  
Chagas, new president of the cabinet  
who was shot and dangerously  
wounded.

Lisbon has again resumed its nor-  
mal appearance except that no street  
cars are running. Business is being  
conducted as usual.

An earlier dispatch from Madrid  
says Chagas had died from his  
wounds. Senator Freitas, who shot  
Chagas, was slain by a soldier who  
witnessed the attack. Civilians were  
clamoring for Freitas' life when he  
was killed.

## ALLEGED SPY IS ON TRIAL

London, May 18.—The trial of An-  
ton Kepferle, who claims to be a na-  
turalized American citizen, charged  
with spying, began today. He is  
charged with having divulged loca-  
tions of battleships and giving to  
enemies of Great Britain other in-  
formation.

The British officials assert he is  
a German.

## REPLY STILL INDEFINITE

By Associated Press.

Washington, May 18.—Ambassa-  
dor Gerard has transmitted no de-  
cision from the German Foreign Of-  
fice as to when a reply to the  
American note may be expected.

## SEVERAL DAYS BEFORE REPLY

By Associated Press.

Berlin, May 18.—The official text  
of the American note to Germany  
was published here today.

It was said at the Foreign Office  
that it would be some days before  
the answer of the imperial govern-  
ment was ready. This is because the  
note requires consideration between  
several departments.

## FLEET ROARS PARTING SALUTE TO PRESIDENT

By Associated Press.

New York, May 18.—The big fleet  
of warships, which has been at an-  
chor in the Hudson river for ten  
days, steamed out to sea at 11 o'clock  
today, with President Wilson review-  
ing the five-mile line as it passed the  
Mayflower off the statue of Lib-  
erty.

Headed by the superdreadnaught  
Wyoming, Admiral Fletcher's flag-  
ship, the 16 big battleships and  
their train of lesser fighting craft,  
steamed past the presidential yacht  
at a speed of 14 knots, each ship  
with its sailors and marines stand-  
ing at the rail at attention.

As each craft neared the May-  
flower her six-pounders fore and aft,  
let loose an over the harbor there-  
rolled the thunder of a presidential  
salute of 21 guns. Tens of thous-  
ands of persons flocked to vantage  
points to view the great marine pro-  
cession.

## HOLDING EXAMINATION IN CAPITAL CITY

County Superintendent of Schools  
Frank M. Allen is in Columbus as  
one of the three examiners now hold-  
ing preliminary bar examinations.

This examination is one of two  
held each year, the first on Tuesday,  
May the third; the other the third  
Thursday in November.

These examinations are to test the  
educational qualifications of those  
who are expecting to take the bar ex-  
aminations in June. Applicants are  
examined in all branches taught in  
the first grade high school.

## TRANSYLVANIA PURSUED BY SUBMERSIBLE

London, May 18.—The Cunard  
Line steamer Transylvania, which  
arrived in Glasgow yesterday from  
New York, encountered a submarine  
off the northwest coast of Ireland  
at about 5 o'clock Saturday after-  
noon, according to the statement of  
passengers who arrived in London  
today.

The Transylvania's captain imme-  
diately turned the ship and steered  
a zig zag course until danger was  
past.

Some of the passengers declared  
that the submarine discharged a tor-  
pedo at the Transylvania. This is  
disputed by others, who say such  
statements are imaginative.

## BOATS DRIVEN AWAY FROM LUSITANIA

Boston, May 18.—According to the  
captain, the Leyland Line steamer  
Etonian, here today from Liverpool,  
was prevented from going to the re-  
scue of the Lusitania's passengers by  
warnings from a submarine that his  
vessel would be attacked.

Another ship, the Narragansett,  
making for the Lusitania, was at-  
tacked with a torpedo by a subma-  
rine, he said.

The Etonian was only 40 miles  
from the Lusitania when she heard  
the "S. O. S." She ran away from  
the undersea boat.

The captain said three ships could  
have gone to the aid of the Lusitan-  
ia if it hadn't been for two subma-  
rines.

## REDISTRICTING BILL PASSES THE HOUSE AFFECTS FAYETTE

Columbus, May 18.—The House  
today passed the Sprague congress-  
ional gerrymander bill. The vote  
stood: yeas, 67; nays, 48.

The bill would create six Repub-  
lican and six Democratic districts,  
according to Representative Sprague  
the author. It is believed the bill  
will be opposed in the Senate by  
many members who have congress-  
ional aspirations.

Fayette and Ross are placed in the  
sixth district with Clinton, Warren,  
Highland, Brown and Clermont.  
Charles A. Reid, of Washington C.  
H., former floor leader, conferred  
with Representative Sprague short-  
ly after the bill came to a vote to-  
day.

## NATIONAL CASH CASE GOES TO U. S. SUPREME COURT

By Associated Press.

Washington, May 18.—The De-  
partment of Justice today filed in  
the Supreme Court of the United  
States a petition for a writ to bring  
the criminal anti-trust case against  
the officers of the National Cash Re-  
gister Company, of Dayton, O., be-  
fore that tribunal.

The petition says: "The reversal  
of the conviction has been taken by  
many to indicate that the criminal  
provisions of the anti-trust law,  
while in theory effective, in practice  
are unenforceable."

## OPENING ARGUMENTS ARE CONCLUDED

By Associated Press.

Washington, May 18.—Opening ar-  
gument against the dismissal of the  
temporary injunction secured by the  
Riggs National Bank against Secre-  
tary McAdoo and two other govern-  
ment officials were concluded today  
by counsel for the bank, which  
charges that the secretary and Com-  
ptroller Williams conspired to wreck  
it.

## CABINET OF GREAT BRITAIN FACES CRISIS

By Associated Press.

London, May 18.—What seems  
like a cabinet crisis suddenly has  
been sprung on Great Britain.

There has arisen what appears to  
be a rupture between the civil head  
of the Admiralty, Winston Churchill  
and the lords of the Admiralty, but  
particularly Lord Fisher, admiral of  
the fleet.

As a result the possibility of ma-  
terial changes in the cabinet is be-  
ing discussed. For the moment the  
situation holds the political field.

All kinds of rumors are current,  
but the ministers are not letting the  
real facts out of the government of-  
fices.

It was intimated in authoritative  
circles late today that any differ-  
ences which may have existed be-  
tween Mr. Churchill and Lord Fisher  
have been satisfactorily composed.

## DON'T KNOW UNCLE SAM

By Associated Press.

The Hague, May 18.—A Berlin  
newspaper says: "Whoever reads the  
American note without prejudice can  
scarcely escape the impression that  
the British ambassador at Washing-  
ton was not far away when it was  
framed."

## VOLLENWEIDER BILL PASSED

Columbus, May 18.—The House  
passed the Vollenweider bill today  
without amendment. It authorizes  
publication of county auditor's re-  
ports in newspapers annually.

## SPEED DEMONS WILL TRY FOR PLACE IN RACE

Indianapolis, May 18.—King Speed  
and his statelites hold court at the  
Indianapolis motor speedway this  
week, the efforts of contestants in  
the next Indianapolis 500-mile race  
to court his favor culminating in  
the elimination trials for that con-  
test, May 20, 21, and 22.

Thirty-three out of the forty-one  
cars nominated are to prove them-  
selves eligible for the race under the  
law of the survival of the fittest, the  
other eight passing into oblivion.  
The bitterest kind of competition is  
expected to result, each contestant  
straining himself to the limit, in-  
asmuch as a hundredth of a second,  
the fraction to which the electric  
timing instrument is adjusted, may  
throw him out.

The order of the time trials will  
be in the inverse order of entry, the  
last car starting first, and the first  
car starting last. This is to give  
the early entrants a chance to fig-  
ure on the other fellow's perform-  
ance, so that he may judge his own  
accordingly. Three trials will be al-  
lowing each man, the best of the three  
to count.

SPEED DEMONS

PLACE IN RACE

Indianapolis, May 18.—King Speed  
and his statelites hold court at the  
Indianapolis motor speedway this  
week, the efforts of contestants in  
the next Indianapolis 500-mile race  
to court his favor culminating in  
the elimination trials for that con-  
test, May 20, 21, and 22.

Thirty-three out of the forty-one  
cars nominated are to prove them-  
selves eligible for the race under the  
law of the survival of the fittest, the  
other eight passing into oblivion.  
The bitterest kind of competition is  
expected to result, each contestant  
straining himself to the limit, inas-  
much as a hundredth of a second,  
the fraction to which the electric  
timing instrument is adjusted, may  
throw him out.

The order of the time trials will  
be in the inverse order of entry, the  
last car starting first, and the first  
car starting last. This is to give  
the early entrants a chance to fig-  
ure on the other fellow's perform-  
ance, so that he may judge his own  
provisions of the anti-trust law, ac-  
cordingly. Three trials will be al-  
lowed each man, the best of the three  
to count.

## MEANING OF PRESIDENT'S N. Y. SPEECH

Washington, May 18.—President Wilson gave his answer to suggestions of a bargain regarding the German submarine operations which have been emanating from German quarters here. That is Washington's interpretation of the president's speech in New York. The president's words are taken to mean that when the German reply is received it will be measured by the same standards of international conduct that were set forth in the president's note.

The suggestions which have been made by Germans here have been based on the theory that all that was necessary to satisfy the United States was to find a means of safeguarding American lives at sea without interfering with the German submarine program. The president's words are taken to mean that only recognition by Germany of the vital principles involved will satisfy the United States.

The various proposals put forth here are that the United States compel the separation of passenger carrying and contraband carrying ocean traffic; that the United States secure for Germany the abandonment by Great Britain of her policy with respect to foodstuffs as the price of safeguarding American lives, with the concession that Germany will halt her submarine operations while the United States is negotiating with Great Britain, and that the "legal questions" and amount of damages concerned in the Lusitania case be referred to arbitration.

It is now felt that all these proposals, or any of them, will be dismissed by the United States government if they are made officially by Germany, as they are held to be inconsistent with the spirit of the president's note as reinforced by his speech in New York.

The suggestion of arbitration is repudiated here with the statement that one does not arbitrate moral principles, but only matters of law.

### What Wilson Said.

At the civic banquet in his honor in New York, in connection with the review of the Atlantic fleet, President Wilson voiced his and the nation's pride in the navy.

"The interesting and inspiring thing about America is that she asks nothing for herself except what she has a right to ask for humanity," said the president. "We want no nation's prosperity. We question no nation's honor. We stand for that for which every nation should wish to stand for."

"When I think of the flag, the only touch of color about the fleet, it seems to me I see alternate stripes of parchment, on which are written right and justice; strips of blood, split for maintaining these rights, and in the corner a strip of blue, serene. The mission of America is the only thing a soldier or sailor should think about. He has nothing to do with her policy. He stands and waits to do the things which the nation desires."

"America sometimes seems to forget her program, or rather those who represent her do, but the people never forget."

"When a crisis comes in this country, it is as if you put your hands on the pulse of a dynamo. That spirit now broods over the river. No threat is lifted against any man or any nation. This is just evidence that the force of America is lifted for great moral principles. There is nothing else for which she will contend."

## AMERICANS ARE BELIEVED SAFE

Washington, May 18.—No confirmation had reached the state department of the reported massacre of 6,000 Armenian civilians of Van, Asiatic Turkey. Officials pointed out, however, that there is no American consul either at Van or Urmiah, Persia, and that official reports must come from some other points remote from the scene. The Turkish government has promised to protect Americans, who are believed to be safe.

## WARSHIPS SHELL CITY OF LISBON

Madrid, May 17.—Warships are again bombarding the city of Lisbon, where fighting in the streets has been renewed. According to late dispatches more than 100 persons have been killed, including several Spaniards. The Spanish warships Espana and Rio de la Plata have arrived at Lisbon.

Two hundred persons killed and 500 wounded are the reported results of the fighting before the revolt broke out with renewed force. Most of the killed and wounded belong to the Republican guard.

Joao Chagas, the new premier of Portugal, was probably fatally shot by Senator Freitas, who, it is reported, was killed by gendarmes. While on board the train from Oporto, Chagas was shot four times with a pistol. Senator Freitas was shot and wounded by a passenger of the train. Chagas was taken to a hospital, where it was announced that his condition was grave. In addition to other wounds, he is suffering from a fracture of the skull.

Another dispatch from Lisbon says the attack occurred at the Entrocamento railway station, and that Senator Freitas later was killed by gendarmes.

An official dispatch from Lisbon announces that disturbances similar to those which occurred Sunday night have broken out again. The disturbances in and about Lisbon have no international significance and were merely directed against the ministry.

The project for the revolution in Portugal was formed three days after the constitution, last March, of the cabinet of General Pimenta Castro. Dr. Alvaro Castro took charge of the military arrangements. Antonio Maria Silva undertook to organize the civilians, and Captain Leotto Rego of the navy agreed to command the naval forces.

## UNREQUITED LOVE CAUSE

Bridgeport, Conn., May 18.—Said to have been actuated by unrequited love of long standing, Miss Catherine Doherty, formerly a department store clerk in this city, attended mass in the Church of the Holy Rosary, waited until the last communicant had left the edifice and then venturing to the altar, lighted a candle to her patron saint and kneeling at the foot of the cross swallowed four tablets of bichloride of mercury. She was taken to the Bridgeport hospital, following discovery of her act by an altar boy in the church. Her condition is despaired of.

## CAUCUSMAKES SPRAGUE BILL A PARTY ACT

Columbus, May 18.—At a caucus of house Republicans, the Sprague congressional gerrymander bill was made a party measure. It was the sense of the meeting that the measure be passed and that it should not be amended. The federal relations committee, before reporting the gerrymander, made alterations in the district lines to suit the Republicans of the Fourth and Fifth districts. At the caucus it was recognized that if the door was opened for admission of amendments from the floor, disagreements would be caused which probably would be fatal to the passage of the measure. It was said this bill came as near suiting the Republicans generally as any bill could, and the choice would be between it and the present congressional map, made by the Democratic legislature to assure the election of a majority of Democratic congressmen.

The senate will reconsider the lost Lovett bill, aimed at forced contributions by brewers for wet campaign funds. The bill was a victim in the senate of trades on behalf of the McDermott decentralizer and other measures.

Each county will continue to have a common pleas judge for some time to come. A proposal to repeal this provision, which was voted into the constitution in 1912, got only thirty-eight votes in the house.

The house refused to concur in the senate amendments to the Swan bill permitting alleged infirm voters to be hauled to the polls. The bill was sent to conference.

The house adopted the Heinzelman resolution for a new edition of Howe's Historical Collections, a publication of which the state owns the plates.

More than 200 representatives of privately owned electric light, gas and water companies held a meeting and laid plans for a last supreme effort to get the Behne bill through the house. A committee called upon Governor Willis to urge him to permit the bill to come to a vote.

The senate passed the Merkel bill making it unlawful to offer reward of position for circulating or signing initiative and referendum petitions. It now goes to the governor.

The Knox measure making children of dead National Guard members eligible to admission to the orphan's home at Xenia, and the Knox bill requiring contributing members of the National Guard to do guard duty within their county, also were passed by the senate and are now ready for the governor.

On the ground that it violates the intent of the constitution and would further increase the exemption of money from taxation, Governor Willis vetoed the Collins bill, which provided that money in bank could be listed as a credit, thereby allowing the owner to set off his debts against it.

## ENGLISH BARON RENOUNCES TITLE

London, May 18.—Sir Edward Speyer, one of the leading financial figures of England, has written a letter to Premier Asquith relative to the recent anti-alien demonstrations throughout the country. Mr. Speyer is of German descent. The letter reads:

"There is nothing harder to bear than the sense of injustice which finds no vent in expression. For the last nine months I have remained silent, treating with disdain the many charges of disloyalty and the charges of treachery made against me by the press and private individuals. But I can remain silent no longer, for these charges have been repeated by men in public office. I consider it due to my honor as a loyal British subject and to my personal dignity as a man to retire from all public positions. I therefore ask you to accept my resignation as privy counselor and request that my barony be revoked."

## JUDGE'S ACTION IS QUESTIONED

Washington, May 18.—The government began an unusual action in the supreme court when it asked permission to institute mandamus proceedings against Federal Judge John M. Killits of the western district of Ohio to determine the legality of his action in suspending sentence upon a convicted bank cashier. The cashier is James J. Henahan of Toledo, who was sentenced to five years in Leavenworth for violation of the national bank act. Judge Killits suspended sentence on Henahan during good behavior, the suspension to be kept open for five years. The case is said to involve the rights of federal judges to suspend sentences and parole offenders brought before them in bank prosecutions.

## SUFFS TRAIL THE PRESIDENT

New York, May 18.—Lieutenants of Mrs. O. H. P. Belmont, president of the Political Equity association, succeeded here in delivering a note to President Wilson. Receiving no answer, the women will try again to see the president.

"We shall follow the president everywhere until he says yes or no on the suffrage question," said Mrs. Belmont. "In any public meeting, in any city, he will have suffragists to deal with. It is ridiculous that we should not have been able to see him. I have seen all the crowned heads of Europe, and there is no one who is guarded like President Wilson. What is the president, anyway? He is only a man who lasts for four years; then sinks into oblivion. Imagine the head of a great republic being afraid to walk the streets of one of his own cities without a bodyguard larger than the Sultan of Turkey. What is the use of a republic if not to entitle its citizens to speak with their president?"

## AUSTRIANS ADVANCING

London, May 18.—A further Austrian advance in Galicia is announced in a Vienna official statement. The Austrians have captured Drohobycz, in central Galicia, about forty miles southwest of Lemberg.

Official reports from Petrograd do little to minimize the severity of the defeat which the Russians have experienced over practically the whole line from central Poland to the Carpathians. The victorious Germanic armies have robbed the Russians of most of the gains of the hard winter and early spring campaign with the exception of Przemyśl, which is closely threatened on two sides by hostile forces. In the latest Petrograd communication there is a suggestion that the Russians are entrenched behind the river San, in readiness for one of those sudden movements such as previously have turned defeat into victory for them.

It is evident that the Austro-German forces will leave nothing undone in the attempt to force a crossing of the San. The Russians admit the loss of fifty guns during the retreat of their Third army to the San, but assert that most of them were destroyed.

## BRYAN APPOINTS FOUR DELEGATES

Washington, May 18.—Secretary of State Bryan announced the appointment of four Americans on peace commissions under his peace treaties to deal with like commissioners named by other countries. One country involved is a belligerent in the war. Judge George Gray of Delaware has been appointed American member of the peace commission with Great Britain; Dr. James Scott of Washington, a member of the peace commission with Norway; Professor Eugene Wambaugh of Harvard university, a member of the peace commission with Peru, and A. R. Talbot, with Bolivia.

It is evident that the Austro-German forces will leave nothing undone, in the attempt to force a crossing of the San. The Russians admit the loss of fifty guns during the retreat of their Third army to the San, but assert that most of them were destroyed.

Washington, May 18.—Secretary of State Bryan announced the appointment of four Americans on peace commissions under his peace treaties to deal with like commissioners named by other countries. One country involved is a belligerent in the war. Judge George Gray of Delaware has been appointed American member of the peace commission with Great Britain; Dr. James Scott of Washington, a member of the peace commission with Norway; Professor Eugene Wambaugh of Harvard university, a member of the peace commission with Peru, and A. R. Talbot, with Bolivia.

### English Women Find Opportunity

What years of suffrage agitation, accompanied, it is to be regretted, by a rampant militarism that stopped at no outrage, failed to accomplish, in giving the women of England more equal opportunities with men, is now being brought about by the terrible exigencies of war.

For the first time all departments of the British government service are officially thrown open to women.

This by no means indicates recognition of the rights of English women, as claimed by them; it is merely the outcome of the government's need. The call to the front has taken from government departments men employees of military age and the war office is appealing to the government to release more employees to join the colors in the field. Consequently the Board of Trade has issued a circular asking for substitutes to make possible the release of men for combatant duties. This circular is regarded as an official declaration that for the period of the war, at least, the barrier of sex will be removed from the cabinet.

English women are awaiting with tense interest the reply to the circular forthcoming from the various government departments. In the past most of these departments have drawn the line rigidly against any women employees.

But the opportunity long sought; the hour long hoped for, has come. For years the aim of various women's organizations in England has been to obtain from the government an equal opportunity for both sexes in the government employ. No efforts brought the desired equality.

But the day of man's extremity in England opens to its women the wished for opportunity. It comes at the cost of such awful toll that it cannot be reckoned, but it is here.

Already the Board of Trade has itself released over 1,000 officials for the army and in a large number of cases their places have been taken by women.

Reluctantly as the government may yield these coveted positions to women, it must be done if the men are to be freed for the front.

Now that this opportunity seems to have come to the women of England it is up to the sex to prove the ability to fill the positions as capably as have the men they succeed. If this is done, and it has been done in the United States and other countries, where women have had a chance to make good, it will be hard for England's government to take from the women the recognition wrought by necessity.

### Slaughter of the Horse

To the merely humane, as well as to the genuine horse lover, the thought of the noble horse as the innocent victim of the present war has been horrible.

This thought was brought home doubly during the recent Horse Show in our city, when some of the finest mounts that could be secured were shown in the cavalry remount class. It was sickening to realize that these splendid animals, sleek of skin, high of head, perfect in form, pawing the dirt of the track in exuberance of spirit, might soon lie quiet on the battlefields of Europe.

Statistics prove the life of these splendid remounts on the battlefield to average from a month to six weeks, and it was with feeling akin to grief that spectators looked on this great show class, including a number from our own Fayette, wondering how many of them, and others of their class, were doomed to fall beneath shot and shell.

Not only in Europe but on our own continent is the horse an inconsidered victim.

Owing to scarcity of fodder thousands of horses are dying of starvation in Mexico. Coach horses frequently drop in the streets from lack of food. Mexico knows no society for the prevention of cruelty to animals and upon the horse falls first pinch of hunger caused by years of civil strife.

The wholesale slaughter of the horse, the king of the animal kingdom, is one of the most distressing features of the present war in Europe and is now becoming a factor in the internal strife of Mexico.

### Liberty of the Individual Increased by Co-operation

By ELBERT H. GARY, Chairman United States Steel Corporation

FUNDAMENTALLY I believe the present war was made possible by the failure of men and women constituting great populations to insist upon the application in respect to their economic activities and interests of the simple Christian principles of mutual forbearance and co-operation.

The desire for organized efficiency has, always been particularly strong in Americans. NOW IT IS DAWNING UPON THE CLEAR-EST THINKING OF OUR CITIZENS THAT THERE IS STILL A HIGHER KIND OF EFFICIENCY

CY THAN THAT OF COMPETITIVE INDIVIDUALISM—NAMELY, THE EFFICIENCY OF PROPERLY DEVISED CO-OPERATION.

The proper application of those principles does not restrict, but rather increases the liberty of the individual.

THE SECURITY TO THE INDUSTRIAL WORKER, THROUGH CO-OPERATION, IN RESPECT TO GREATER SAFETY, SHORTER HOURS, MORE CONTINUOUS EMPLOYMENT AND A SHARE IN THE INCREASED PROFITS WHICH THESE CONDITIONS BRING ABOUT, SHOULD CERTAINLY NOT BE CONSIDERED OTHER THAN AN INCREASE OF PERSONAL LIBERTY.

#### THE OVERTAKING OF SPRING.

Spring has departed! Oh, let us follow,  
 Follow north with the homing swallow,  
 Is she now hid in primrose color  
 Only known to the happy lover,  
 Lies she in dell  
 Strewn with bluebell  
 And frail anemone down in the hollow?

Lilacs scent her secret is telling,  
 Song of the nest from the thrush is upwelling;  
 We thought her lost and ourselves forsaken,  
 But her fairy feet we have overtaken,  
 Kingcups of gold,  
 Fern fronds unrolled,  
 Under the hawthorn here is her dwelling!

Love has departed, vain now to follow,  
 Follow after with autumn swallow;  
 Fugitive love than bird is fleetier,  
 Never again can we hope to meet her,  
 Far has she fled  
 To the realms of the dead,  
 No more to be found on height or in hollow!

## Luke McLuke Says

Did you ever stop to think that maybe the other fellow's faults that are so apparent to you may only be reflections of your own faults?

The fellow who used to sit around and blame his hard luck on the tariff is now sitting around and blaming his hard luck on the fact that the tariff has been removed.

Cheer up! If it wasn't for the hills on the road the journey would be mighty monotonous.

If you want to discover a man's weak points let him do all the talking while you are doing all the listening.

Some people won't be happy in heaven unless they can get to go south in winter and north in summer.

Before marriage a man imagines two can live as cheaply as one. But it doesn't take long for the grocery bill to tie a can to his imagination.

When a man announces that all he wants is a square deal he means that he wants to be the judge of the squareness of the deal.

Sympathy is often misplaced. But it is seldom lost.

About two years after marriage Friend Wife sizes up Friend Husband and wonders what she was smoking when she imagined that he was an ideal man.

There are a whole lot of fools who have no money from which to be parted.

Many are called. But few get up until they are good and ready.

What has become of the old fashioned velled woman who used to horse-whip a well known citizen on the main street of the town?

This would be a great country if men could get up steam as easily as they generate hot air.

The man who knows it all is usually about as helpful as the hole in the doughnut.

The old fashioned man who used to hide his light under a bushel now has a son who gives a pyrotechnical display every night.

Some men waste a whole lot of their time telling other people not to waste theirs.

When some reformers seek good in their town they bandage their eyes. But when they seek secret vice in their town they carry a magnifying glass.

HINDE STREET PAVING IS

REDUCED TO FORTY FEET

ORDINANCE AUTHORIZING THE SERVICE DIRECTOR TO ADVERTISE FOR BIDS FOR LIGHTING OF STREETS IS AMENDED TO INCLUDE CLUSTER LIGHTS—COUNCIL HOLDS SPECIAL SESSION LAST NIGHT.

At a special session of the city council Monday night the paving of Hinde street was reduced from 50 feet to 40 feet, and the ordinance authorizing the service director to advertise for bids for street lights, was amended to include the cluster or ornamental lights.

When the call for the meeting was read, M. Tracey stated that he did not sign a call that mentioned taking up the lighting question. It was pointed out that his name was attached to the call.

The Hinde street proposal was the first submitted, and council spent nearly one and a half hours in discussion before an attempt to adopt a motion was made.

A petition bearing the names of 27 property owners on Hinde street was submitted. The petition asked that the paving be made 40 feet instead of 50.

A large number of property owners urged the passage of an amendment reducing the width to 40 feet. One or two urged 50 feet. After each councilman had expressed his

views, and some of them had spoken a number of times, and after various citizens had voiced their desires as to the improvement, Veall moved that the resolution to amend to reduce the paving be read.

All voted yes and the resolution was read and passed under suspension.

A resolution to amend the ordinance authorizing the service director to advertise for bids for street lighting, was submitted. All voted yet on the reading and passage of the resolution, with the exception of M. Tracey, who held that council had no right to take up the lighting question at the special session.

Before the amendment was adopted F. A. Chaffin asked concerning the specifications for cluster lights, and was informed by Howell that he was out of order. Mr. Chaffin insisted that he was in order, and had a right to inquire about the specifications. After the passage of the amendment the specifications for lights was read. One light standards were mentioned for East Court street, and Mr. Chaffin said he believed that most of the property owners on that street would want the three light, or cluster, standards. He was informed that when a price was once obtained that the citizens could have the clusters if they desired and took the necessary steps.

The specifications called for a five or ten year contract.

The iron-clad nature of the contract is apparent, and like most of the sub-contracts let in this country, places a contractor in a somewhat ticklish position, and in a place where, should it be impossible to furnish the animals as desired, a forfeit of \$5 per head would be the result, and the contractor stands in a position to lose thousands of dollars.

However, the Allies must have horses, and are offering better inducements than earlier in the war.

PARTITION SUIT

IS FILED TODAY

A suit in partition was filed in common pleas court Tuesday morning, by John A. Rice, who makes Blanche Cook and a number of others, defendants in the action.

The suit is for the partition of one acre of ground upon which an M. P. church was formerly located. The lot is on the Plymouth pike, and was deeded to the church society in 1863, to revert back to the heirs of the donor, Isaac Coil, when no longer used for church purposes. E. L. Bush represents the plaintiff.

THROWING OUT

MANY BRICK ON

NORTH STREET JOB

A large number of very poor brick have been found in the shipment for the North street paving, and Service Director and a Special representative from the brick company are picking out the brick containing flaws so that no bad ones will be left in the street when the final touches are put on.

It is estimated that more than ten per cent of the brick placed along the street between Court and East streets were unfit for the paving, and have been or will be "culled" out and sound brick take their place.

Service Director Gerstner is going over the brick which have been laid in place, following up the special representative of the company, and both are picking out the bad brick.

Later both men will again go over the brick, separately, and the final "culling" will take place.

Mr. Gerstner is watching the work closely so that it will come up to the specifications in the contract, realizing that a great deal of improvement work in the city during the past few years has not been according to contract, or at least not at all satisfactory to a great many of those who are required to pay for the improvement.

GEORGE GREEN

SENT TO WORKS

BY JUDGE ALLEN

WIDELY KNOWN FARMER OF UPPER FAYETTE, WHO FACED COURT LAST WEEK FOR CONTRIBUTING TO DELINQUENCY OF BOY, IS NOW IN WORKHOUSE AFTER BREAKING INSTRUCTIONS OF COURT AND STARTING TROUBLE—MOTHER MADE COMPLAINT.

George Green is in the workhouse. He was taken to that institution Tuesday morning by Deputy Sheriff Blue, being sentenced to three months in the "Crow's Nest" by Judge Allen, of the Probate Court.

Green is from upper Fayette and comes from a good family in Paint township, but for a long time has been playing hide and seek with the law, and last week was arrested for contributing to the delinquency of his youthful brother-in-law, and was given a suspended sentence of three months in the Xenia workhouse and assessed a fine of \$200, with half of the amount remitted pending his good behavior, and the other half to be paid this week.

At the time he faced Judge Allen he was warned that unless he kept sober and out of trouble the workhouse sentence would be enforced.

Monday night as Judge Allen was leaving the council chamber he met Green, had come to this city, and had been hanging about the home of his father-in-law, John Manns, and had been drinking heavily. Seeing the man's condition and learning from him that he was in further trouble Judge Allen went to his office, made out papers for the man's commitment to the Xenia workhouse and placed them in the hands of Sheriff Jones, who, in company with Patrolman Baughn, went to the Manns home and placed Green under arrest and locked him up until Tuesday morning, when he was taken to the workhouse.

Monday afternoon the man's mother had communicated with officials in this city, stating that Green was acting as if mentally deranged, and had threatened to kill her and to burn her home. Green later came to this city and had made trouble at the Manns home before his arrest.

When arrested he had a quart whiskey bottle with only a small portion of the whiskey left in it.

Green's downfall has been spread over several years. He will be recalled as the man arrested in a colored woman's house on Water street, some three years ago, and was heavily fined at that time. He later married Belle Manns of this city, while in Cincinnati, and has since sued her for divorce, alleging, it is understood that the ceremony was performed while he was intoxicated.

Two months ago he and his wife narrowly escaped arrest for contributing to the delinquency of a young girl of this city. His crime last week

was giving intoxicants to his 16-year-old brother-in-law, and getting the boy beastly drunk.

WHO OWNS THIS

FORD RUNABOUT?

Chief of Police Moore is in possession of a Ford runabout, model 1907, the owner of which is unknown and who may have same by substantiating claim before the chief.

The little ol' Ford has had some experiences which would probably make a good story. It was found by the police a week ago standing in the middle of the Jamestown pike, not far from town. Its occupants, whoever they might have been, had left it, evidently, under peculiar circumstances.

The chief stated that he would hold the car a reasonable length of time before disposing of it.

MAYOR DISMISSES

BOOTLEGGING CASE

The case of bootlegging brought against Joe Henderson Monday by Mrs. Grant Dawes was dismissed in the mayor's court Tuesday morning for lack of evidence.

The case was brought to trial Monday afternoon. Grant Dawes, state's chief witness, testified and the case was continued until Tuesday.

The only witness to take the stand Tuesday was A. W. Kearney. Kearney's story contradicted Dawes'. No other witnesses appeared and the case was dismissed. Attorney J. D. Post represented the defense, and Gregg & Gregg the state.

ORDER FOR 5000 WAR HORSES

TURNED DOWN BY LOCAL MAN

BIG COMPANY IN NEW YORK YORK ASKS CHAS. ALLEN TO FURNISH THEM WITH THREE QUARTERS OF A MILLION DOLLARS WORTH OF ARTILLERY AND CAVALRY HORSES FOR USE IN EUROPEAN WAR — ONE OF BIGGEST ORDERS OF KIND SUBMITTED IN UNITED STATES

An order for five thousand cavalry and artillery horses for use by the French and British governments in the European war, has just been turned down by Mr. Chas. Allen.

The contract refused by Mr. Allen is one of the largest of its kind offered to any horseman in the United States, and the parties asking for the animals are no other than the great Fasig Tipton Company, of New York City, a firm which has been expending tens of millions of dollars for horses and other equipment to be poured into the great conflict which is shaking the world.

The telegram tendered contract for the 5,000 animals is given in full as follows:

"Chas Allen, Washington C. H., O.

"Can you furnish 2,000 cavalry, 15 to 16-1, of which about 1200 must be 15½. No weights specified. 3000 artillery, broken to harness; 15 to 16 hands, minimum weight 1060, ages 5 to 10; no greys in cavalry. Five per cent greys in artillery. Deliveries at rate of 400 every eight days. Payment on inspection. Deliveries to commence ten days after signing contract. Contract would mean that you must be able to show for inspection about 100 daily, counting only 50 per cent accepted.

"This is real business. We have contract. You must furnish bond \$5 per horse. Quote lowest price. If price satisfactory will require you to come here immediately and close contract with us. Answer.

"FASIG TIPTON COMPANY."

The extent of the contract can be realized when it is known that the total cost of the horses would be near three-quarters of a million dollars, and that in all probability 10,000 horses would be inspected before the required number could be obtained.

## HINDE STREET PAVING IS REDUCED TO FORTY FEET

**ORDINANCE AUTHORIZING THE SERVICE DIRECTOR TO ADVERTISE FOR BIDS FOR LIGHTING OF STREETS IS AMENDED TO INCLUDE CLUSTER LIGHTS—COUNCIL HOLDS SPECIAL SESSION LAST NIGHT.**

At a special session of the city council Monday night the paving of Hinde street was reduced from 50 feet to 40 feet, and the ordinance authorizing the service director to advertise for bids for street lights, was amended to include the cluster or ornamental lights.

When the call for the meeting was read, M. Tracey stated that he did not sign a call that mentioned taking up the lighting question. It was pointed out that his name was attached to the call.

The Hinde street proposal was the first submitted, and council spent nearly one and a half hours in discussion before an attempt to adopt a motion was made.

A petition bearing the names of 27 property owners on Hinde street was submitted. The petition asked that the paving be made 40 feet instead of 50.

A large number of property owners urged the passage of an amendment reducing the width to 40 feet. One or two urged 50 feet. After each councilman had expressed his

views, and some of them had spoken a number of times, and after various citizens had voiced their desires as to the improvement, Veall moved that the resolution to amend to reduce the paving be read.

All voted yes and the resolution was read and passed under suspension.

A resolution to amend the ordinance authorizing the service director to advertise for bids for street lighting, was submitted. All voted yet on the reading and passage of the resolution, with the exception of M. Tracey, who held that council had no right to take up the lighting question at the special session.

Before the amendment was adopted F. A. Chaffin asked concerning the specifications for cluster lights, and was informed by Howell that he was out of order. Mr. Chaffin insisted that he was in order, and had a right to inquire about the specifications. After the passage of the amendment the specifications for lights was read. One light standards were mentioned for East Court street, and Mr. Chaffin said he believed that most of the property owners on that street would want the three light, or cluster, standards. He was informed that when a price was once obtained that the citizens could have the clusters if they desired and took the necessary steps.

The specifications called for a five or ten year contract.

The iron-clad nature of the contract is apparent, and like most of the sub-contracts let in this country, places a contractor in a somewhat ticklish position, and in a place where, should it be impossible to furnish the animals as desired, a forfeit of \$5 per head would be the result, and the contractor stands in a position to lose thousands of dollars.

However, the Allies must have horses, and are offering better inducements than earlier in the war.

The second of the May piano recitals given by pupils of Miss Light evinced the same excellent character of work as did the first, this class representing more advanced pupils than those of the first recital, there was added interest in noticing the improvement made by the pupils since the last recital.

The large class submitted considerable latent talent. Those on the program were Thelma and Ralph Marchant, Mary Garrison, Martha Garrison, Robert Rearson, Arthur Rothrock, Imogene De Wees, Margaret Christopher, Wanda Mae and Bernadine Norris, Ruth Crafton, Olive Hillery, Ruth Hagler, Marion Whelpley, June Lampe.

Tonight will be given the last recital, in which the most advanced pupils will appear, assisted by Miss Ida Woodward.

An occasion of festive pleasure that has seldom been equaled among the entertainments of the First Baptist church was the big Sunday school party at the I. O. O. F. Hall Monday night.

The affair was the sequence to a Red and Blue contest which had stimulated Sunday school effort toward increased attendance, which is now the largest in the history of the school.

The large hall was beautifully decorated in the lodge colors, pink and green and offered spacious accommodations for the hundred and fifty Sunday school members assembled.

The evening was one of good fellowship and merriment, to which everyone contributed, and the hours passed all too swiftly.

An interesting program diversified sociability which included the serving of refreshments.

Miss Forest Allen, of Milledgeville had been secured as the evening's reader. She is a great favorite in Washington and her entertaining readings contributed richly to the evening's pleasure.

Pleasing musical numbers included a piano duet by Misses Mindonna Dabe and Sarah DeWeese; piano solo Mrs. Gertrude Miller; vocal duet, Mrs. Burch and Miss Dabe; piano duet, Winifred Hicks and Mary West; song, Mary and Pauline West; male quartet, Messrs West, Burch, Hicks and Davenport.

The competent committee in charge of arrangements included Messrs R. J. McLean, Frank Miller and Capt. Vincent.

Mrs. Charles McLean entertained the Court Street Bridge club at an extremely pretty luncheon Tuesday. It was a small table luncheon with a

color scheme of white and green carried out in artistic arrangement of spirea and snowballs.

Mrs. Bryant catered, serving an elaborate four course menu. The outdoor drive to and from the country home, at its brightest and best in lovely spring garb, was a feature in a most delightful afternoon in club annals.

A family dinner was enjoyed at the home of Mr. and Mrs. Frank Eggleston, of Manara, Sunday.

Those who participated were Mr. Matthew Eggleston, Mrs. W. A. Stewart, of Olympia, Wash.; Miss Maude Eggleston, Mr. and Mrs. Fred Eggleston, sons Elbert and Kenneth, Mr. and Mrs. Harvey Crow and daughter, of Mt. Sterling, Mr. and Mrs. Clarence Eggleston, Mr. and Mrs. Ernest Eggleston and the children of Mr. and Mrs. Frank Eggleston.

Mrs. Alex H. Ballard and Miss Elizabeth Ballard gave pleasurable entertainment to the Tuesday afternoon bridge club.

Mrs. J. J. Kelley delightfully entertained the Tuesday Kensington club, with a few additional guests this afternoon.

Wisteria blossoms formed graceful decoration and a dainty repast was served. Mrs. Clemmer Paul, of Akron, was an out of town guest.

OF ZEPPELIN**

London, May 18. — A Zeppelin air-  
ship, coming from the channel, flew  
over Calais, France. It dropped bombs  
on various quarters of the city, killing  
two girls and wounding one woman.  
The property damage was slight. After  
its raid the Zeppelin sailed away in  
the direction of the sea.

Announcement was made at the ad-  
miralty that the German dirigible  
which raided Ramsgate, dropping  
forty bombs and injuring three per-  
sons, had been pursued and appar-  
ently damaged seriously.

**GERMANY'S  
ATTITUDE**

Berlin, May 18.—Germany's answer  
to President Wilson's note will not be  
one of defiance. It will be replete  
with suggestions aiming at a friendly  
settlement of the issues at stake and  
will be couched in the most courteous  
and conciliatory phrases. Neverthe-  
less, two facts will be most clearly  
and "most emphatically set forth:  
First, Germany will not disavow the  
sinking of the Lusitania, beyond ex-  
pressing "the deepest regret" at the  
loss of American lives; second, the  
German government will not yield  
one inch with regard to its present  
policy of submarine warfare against  
Great Britain.

Throughout the German reply to  
Washington there will sound the key-  
note: "England is to blame. We act-  
ed, and will act, in self-defense. Our  
submarines constitute the one effec-  
tive weapon against her starvation  
policy."

**Son Shoots Father.**  
Columbus, May 18.—After breaking  
into the house and pouring five gal-  
lons of coal oil on the furnishings of  
his home here, where his wife and  
five sons were asleep, and later set-  
ting the house afire, Martin Scawelt-  
zer, forty-nine, was shot six times by  
his son, Frank Schweitzer, seventeen.  
He is fatally wounded.

**Lulu Wilson on Trial.**  
Van Wert, O., May 18.—Miss Lulu  
Wilson, a former school teacher in  
the south, was placed on trial on a  
charge of manslaughter here for the  
shooting of Levi X. Jacobs on the  
night of March 26. The woman says  
that Jacobs had attacked her with a  
chair and she was forced to shoot to  
save her life.

**Girl Killed; Three Others Injured.**  
Port Clinton, O., May 18.—When an  
automobile, driven by Anton Seifke, a  
retired farmer, upset, Seifke's four-  
year-old daughter was killed and he  
and his wife and their two-year-old  
child suffered severe injuries. Seifke's  
left eye was torn out and he was hurt  
internally.

**ALL FACTIONS  
UNITE IN CRY  
FOR REVENGE**

Rome, May 18.—News that the Sa-  
landra ministry is to be retained has  
swept over Italy and united all fac-  
tions in a great cry for war. Reserv-  
ists of the age of fifty-five have been  
called out. A demonstration such as  
Rome has not seen since the days of  
the revolution lasted for twenty-four  
hours. Contrary to former practices,  
there was no effort by the police or  
military to stop the popular enthu-  
siasm, and the crowds surged through  
the city, acting very much as if war  
had been declared already and vic-  
tory were being celebrated.

The same thing occurred through-  
out the country. The one call is for  
Salandra, the war advocate, and for  
his ministers. The fact that King Vic-  
tor Emmanuel has at last accepted  
Premier Salandra is taken as proof  
that he has come at last to favor in-  
tervention and has given his consent  
to mobilization. Great events are ex-

**INTERVENTION  
IS EXPECTED**

London, May 18.—The North Ger-  
man Gazette, commenting on Premier  
Salandra's continuance in office,  
says: "This bowing to the popular  
fashion is of the greatest significance.  
We must be prepared for a fateful  
and perhaps a premature decision. To  
be ready is everything. We are ready.  
We have not had to fear a united  
Italy and an Italy disrupted by rev-  
olution will only be dangerous to her-  
self." The Berlin Tageblatt says that  
Italian intervention can no longer be  
prevented.

**Convict a Suicide.**  
Columbus, May 18.—Using a piece  
of glass, George A. Long, thirty, re-  
ceived at the penitentiary from Lorain  
county April 30, 1914, to serve an in-  
determinate term for receiving stolen  
goods, committed suicide in his cell  
by cutting his throat. He had been ill.

### NEW CORN CURE PRINCIPLE

Dr. Hunt's Wonderful Penetration Method. PRICE ONLY 10c.

It remained for Dr. Hunt of Sidney, Ohio, to solve the corn problem. Folks had tried other remedies with only partial success. So, Dr. Hunt got at the root of the matter by getting at the root of the corn with his wonderful penetration method.

Dr. Hunt's New Corn Cure comes in simple plaster form. Six plasters in a box. Trim plaster size of corn and apply.

An amazing ingredient, discovered by Dr. Hunt penetrates the corn, eases it immediately, loosens it root and branch so that in two days the corn lifts right out.

No pain, no throbbing toe, no bulky uncomfortable pads to press on the sore spot, no discomfort whatever. Wear your regular shoes. Corn is cured while you walk about. Don't use caustic ingredients that eat off the top of the corn and stimulate its further growth. Cure your corn the new way, the scientific way by using Dr. Hunt's New Corn Cure. Cures by penetration.

Ten cents brings you a box-full. Guaranteed or money back. Sold by all drug stores and shoe dealers. Or, send ten cents in stamps to American Chemical Company, Sidney, Ohio.

**NEW CORN CURE PRINCIPLE**

Dr. Hunt's Wonderful Penetration Method. PRICE ONLY 10c.

It remained for Dr. Hunt of Sidney, Ohio, to solve the corn problem. Folks had tried other remedies with only partial success. So, Dr. Hunt got at the root of the matter by getting at the root of the corn with his wonderful penetration method.

Dr. Hunt's New Corn Cure comes in simple plaster form. Six plasters in a box. Trim plaster size of corn and apply.

An amazing ingredient, discovered by Dr. Hunt penetrates the corn, eases it immediately, loosens it root and branch so that in two days the corn lifts right out.

No pain, no throbbing toe, no bulky uncomfortable pads to press on the sore spot, no discomfort whatever. Wear your regular shoes. Corn is cured while you walk about. Don't use caustic ingredients that eat off only the top of the corn and stimulate its further growth. Cure your corn the new way, the scientific way by using Dr. Hunt's New Corn Cure. Cures by penetration.

Ten cents brings you a box-full. Guaranteed or money back. Sold by all drug-gists and shoe dealers. Or, send ten cents in stamps to American Chemical Company, Sidney, Ohio.

## HALL-WILSON CASE HOTLY CONTESTED

Attorneys representing the plaintiff, the defendant and the state in the case against Willard Wilson, colored, instituted by Maud Hall, white, in which the former is charged with "furnishing liquor," were busy the greater part of the day presenting evidence in the mayor's court.

During the course of the trial before Mayor Coffey, which began at 9:30 a. m., six witnesses were examined besides the plaintiff herself. They were Officer Noah Bell, City Clerk James Flynn, Bert and Raymond Curl, for the prosecution, and Sheddick Bailey and Mrs. Hattie Powell, for the defense. George Bailey, Dr. L. L. Brock and Anna Bailey, witnesses subpoenaed by the defense were not brought to the stand.

The story of the girl, substantially as it appeared in the Herald several days ago, was repeated by her on the stand. The defense persistently objected when examination by the prosecution would tend to show anything but the letter of the affidavit's charge.

Argument of attorneys began with the resting of the state's case. At 1:45 o'clock a motion by the defense for dismissal was overruled and examination of witnesses resumed at 2:30.

Several young men, mentioned by witnesses as having been enjoying a chicken and beer supper at the Wilson home when Miss Hall returned with Officer Bell, on the night of the 9th, and who left forthwith, were said to be on a fishing excursion to-day.

Attorneys Gregg represent the state. Attorney Taylor Barger is acting as counsel for Miss Hall and Attorney W. B. Rodgers for the defense.

## LOCAL INTEREST STRONG IN THE COLUMBUS SHOW

Local interest in the Ohio State Horse Show, put on by the Saddle and Siroloin Club, in Columbus, was repaid by seeing Fayette county bring home several of the ribbons.

Frank Jamison, son of Mr. and Mrs. Ben Jamison, showing his own pony, added to his collection of cups and ribbons a very handsome silver cup, the first prize award. His prize winning pony was one of nine entered and the competition in this class was very strong.

Frank Myers showed Mt. Sterling Chief, owned by Homer Hutson, of Yatesville, in the saddle class, winning second.

In the jumper class Renick Allen showed his jumper, Flashlight, and looked good to win first until the last round, which lost the cup and gave him fourth premium.

Myers won third in this class with Kildeer. At one time a state champ-

## PICNIC FEATURES LAST DAY OF SCHOOL

A very enjoyable picnic featured the last day of school at Bloomingburg Monday, with quite a number of visitors enjoying the event with the teachers and pupils.

Programs were carried out both in the morning and afternoon, and a sumptuous picnic dinner was spread at the noon hour.

County Supt. Frank M. Allen and District Supt. H. T. Hughes were among the speakers.

#### A Tragic Wedding Ring.

A tragic story of a forgotten wedding ring is told in the "Lives of the Lindsays." He should have been at church when Colin Lindsay, the young Earl of Balcarras, was quietly eating his breakfast in nightgown and slippers. Reminded that Mauritia of Nassau was waiting for him at the altar, he hurried to church, but forgot the ring. A friend present gave him one, which he, without looking at, placed on the bride's finger. After the ceremony was over the countess glanced at her hand and beheld a grinning death's head on her ring. She fainted away, and the omen made such an impression on her that on recovering she declared she was destined to die within a year, a presentiment that probably brought about its own fulfillment, for in a few months the careless Colin was a widower.

The man who lets his wife earn his living can stay right on the job of "boosing his own home."

## HALL-WILSON CASE HOTLY CONTESTED

Attorneys representing the plaintiff, the defendant and the state in the case against Willard Wilson, colored, instituted by Maud Hall, white, in which the former is charged with "furnishing liquor," were busy the greater part of the day presenting evidence in the mayor's court.

During the course of the trial before Mayor Coffey, which began at 9:30 a. m., six witnesses were examined besides the plaintiff herself. They were Officer Noah Bell, City Clerk James Flynn, Bert and Raymond Curl, for the prosecution, and Sherrick Bailey and Mrs. Hattie Powell, for the defense. George Bailey, Dr. L. L. Brock and Anna Bailey, witnesses subpoenaed by the defense were not brought to the stand.

The story of the girl, substantially as it appeared in the Herald several days ago, was repeated by her on the stand. The defense persistently objected when examination by the prosecution would tend to show anything but the letter of the affidavit's charge.

Argument of attorneys began with the resting of the state's case. At 1:45 o'clock a motion by the defense for dismissal was overruled and examination of witnesses resumed at 2:30.

Several young men, mentioned by witnesses as having been enjoying a chicken and beer supper at the Wilson home when Miss Hall returned with Officer Bell, on the night of the 9th, and who left forthwith, were said to be on a fishing excursion today.

Attorneys Gregg represent the state. Attorney Taylor Barger is acting as counsel for Miss Hall and Attorney W. B. Rodgers for the defense.

### LOCAL INTEREST STRONG IN THE COLUMBUS SHOW

Local interest in the Ohio State Horse Show, put on by the Saddle and Siroin Club, in Columbus, was repaid by seeing Fayette county bring home several of the ribbons.

Frank Jamison, son of Mr. and Mrs. Ben Jamison, showing his own pony, added to his collection of cups and ribbons a very handsome silver cup, the first prize award. His prize winning pony was one of nine entered and the competition in this class was very strong.

Frank Myers showed Mt. Sterling Chief, owned by Homer Hutson, of Yatesville, in the saddle class, winning second.

In the jumper class Renick Allen showed his jumper, Flashlight, and looked good to win first until the last round, which lost the cup and gave him fourth premium.

Myers won third in this class with Kildeer. At one time a state champ-
